french fry facts

Math Center

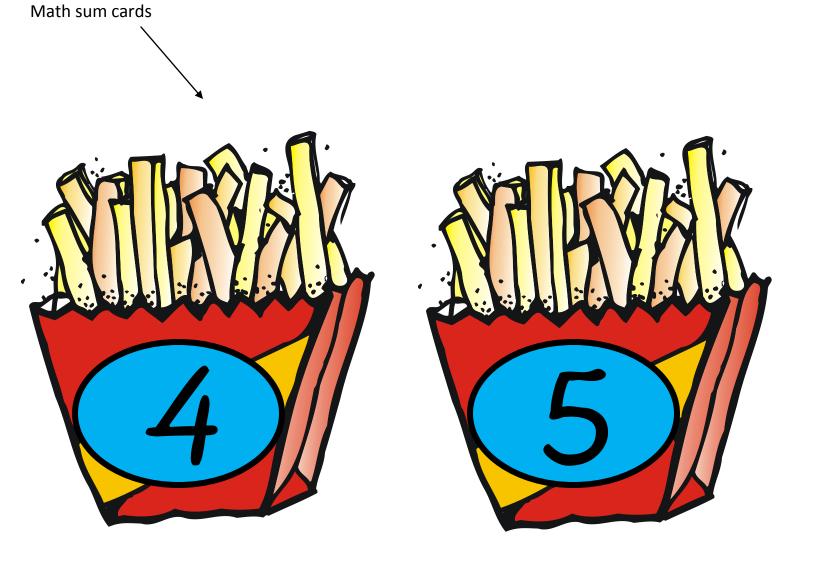

Directions:

- Choose a French Fry sum card
- Count out that number of French fries
- Separate the fries into two groups to make an addition fact for that sum.
- Write your addition sentence on your paper under the correct
 sum

Christie Berlener www.first-grade-fever.blogspot.com

Directions:

- Print & laminate Title/direction page & French fry sum cards.
- Cut strips of yellow construction paper or yellow foam sheets to be used as French fry counters.
- Copy "French Fry Facts" student reproducible page.
